

# Modules / Libraries

June Sallou, [june.benvegnu-sallou@irisa.fr](mailto:june.benvegnu-sallou@irisa.fr)

<https://github.com/Jnsll/ModelisationScientifique>

A file containing a set of functions you want to include in your application.

*MyModule.py*

```
def greeting(name):  
    print("Hello, " + name)
```
